

# **MEDICAL FACILITIES IN HO CHI MINH CITY**

The following is a list of both international and Vietnamese medical facilities in Ho Chi Minh City. The list is by no means exclusive. Many of the international medical facilities have foreign English-speaking doctors on staff. The U.S. Consulate General bears no responsibility for the quality of care or service at any of these facilities. Please be aware that medical care in Vietnam, even in Ho Chi Minh City, is considerably below U.S. standards. Sometimes, even routine injuries or conditions may require medical evacuation to a regional medical center with higher standards.
